INDEX VOLUME 23

Acephate, effects of spraying on the stream ecosystem 327
2-Acetimidofluorene, toxicity to fish cells 269
Acid Rain, decrease in microbial activity 737
use of sewage sludge as a treatment for 717
Aflatoxin B_1, effects on uptake of orotic acid 491
Aluminum, analytical methodology 509
effect on ATPase activity 365
effect on polychaetous annelids 698
9-Aminoacridine, toxicity to fish cells 269
2-Aminofluorene, toxicity to fish cells 269
Ammonia, absorption of 524
Aniline, toxicity of 814
Arsenic, monosodium methanearsonate 30
study on four subarctic Canadian lakes 840
Asbestos, detection and analysis in environmental samples 170
ATP, determination of, in microbial batch cultures 186
determination of, in soil 192

Barium, effect on a freshwater pulmonate 70
Benzo(a)pyrene, concentrations in mussels from Oregon 677
effect of chloroform on metabolism of 112
3-hydroxy, toxicity to fish cells 269
toxicity to fish cells 269
Birds, effect of DDE on hormone levels 220
effect of oil dispersants on egg hatchability 661
embryotoxicity of crude oil containing V and Ni 203
oil and brown pelican fatality 800
parathion poisoning via sprayed insects 281
residue levels in eggs 287
residues of 2,4,5-T 231
Bromine, in water and freshwater organisms 179
Bromodichloromethane, in human adipose tissue and blood serum 244
Bromoform, in human adipose tissue and blood serum 244
2-Butanone, water contamination from plastic tubes 620

Cadmium, cadmium-protein complex in snail 445
concentration in human kidney and liver tissue 627
contamination of samples during acid preservation 107
distribution and speciation in snail 445
depuration by oyster 117
effect on ATPase activity 365
effect on ATPases of lobster 33
effect on egg and fry of fish 475
fetotoxicity following prenatal exposure 25
in a planktonic Copepod 642
in coastal fish of west Malaysia 830
in reclaimed phosphate mine waste dumps 377
in roadside aquatic ecosystems 592
toxicity to algae 487
uptake by edible cockle from sediment 381
urinary protein excretion after exposure to 129
Captan, residues of bis-(trichloromethyl) disulfide from 820
Carbaryl, effect on ATPase activity 365
effect on liver enzymes 438
Carbazoles, bioaccumulation of 73

Carbofuran, degradation in soil 572
extraction from radishes 387
vapor loss from rice plants 544
Carbon Tetrachloride, in human adipose tissue and blood serum 244
Chlordane, collection of airborne residues 196
metabolism in goldfish 64
residues in crocodile eggs 87
Chlorination of water, effect on phytoplankton 766
Chlorine, effect on fish 262
Chlorine Dioxide, oxidation of aromatic hydrocarbons 398
reaction with amino acids in water 456
Chlorphoxim, extraction and glc analysis 391
Chlorodibromomethane, in human adipose tissue and blood serum 244
Chloroform, effect on benzo[a]pyrene metabolism 112
in human adipose tissue and blood serum 244
Clams, PCB residues in 690
CNP, analytical method for fish and shellfish 57
Copper, depuration by oyster 117
effect as a molluscicide 615
effect on a freshwater pulmonate 70
effect on the bay scallop 759
removal from solution using ground rubber 227
study on four subarctic Canadian lakes 840
Corexit 9527, effect on mallard egg hatchability 661
Cyanide, study on four subarctic Canadian lakes 840
Cypermethrin, toxicity to fingerling trout 250

2,4-D, sorbents for "mopping up" spillage of 123
DDE, effect on hormone levels of birds 220
DDT, collection of airborne residues 196
effect on ATPase activity 365
DDT Compounds, residues in crocodile eggs 87
transplacental transfer in porpoise 728
Diazinon, identification of sulfotepp in formulations of 158
Dibromochloropropane, effect on spermatogenesis 703
1,2-Dichloroethane, in human adipose tissue and blood serum 244
Dicofol, effect on ATPase activity 365
Dieldrin, effect on ATPase activity 365
residues in crocodile eggs 87
transplacental transfer in porpoise 728
Di-(2-ethylhexyl)phthalate, effect on platelets 306
inhibition of sterologenesis by 624
Diflubenzuron, effects of feeding to cattle 482
Diphacinone, use in controlling coyotes 211

Endosulfan, degradation by soil microorganisms 13
Endrin, effect on oxidases of fish 153
Epoxides, detection with 4-(p-nitrobenzyl)pyridine 825
17-β-Estradiol Benzoate, effect on estrogen levels in steers 405
Ethylenethiourea, analytical methodology for 470

Fenitrothion, effect on forest soil microorganisms 601
off-target fallout from forest spraying 503
Fenpropanate, toxicity to fingerling trout 250
Fenvalerate, toxicity to fingerling trout 250
Fish, acute toxicity of mercury to 725
acute toxicity of pentachlorophenol to 725

GENERAL BOOKBINDING CO.
80 2 1
242AA 013 S 2403
QUALITY CONTROL MARK

acute toxicity of vanadium to 95
analytical method for CNP and NIP 57
distribution of phenanthrene after administration 100
distribution of 17 trace elements in a bass 1
effect of cadmium on egg and fry 475
effect of chlorinated water on 262
effect of chronic zinc exposure on reproduction 650
effect of endrin on oxidases of 153
effect of mercury on the morphology of erythrocytes 784
effects of PCBs on MFO activities 338
effect of water-soluble oil on egg hatching 236
elemental bromine residues in 179
heavy metal content in fish of west Malaysia 830
inhibition of phosphatases by mercury 741
levels of hexachlorobenzene in salmonids 20
levels of PCBs 256
mercury levels 291, 357
metabolism of chlordane in 64
monitoring system based on respiration 517
protective effect of metallothioneins against Hg injuries 218
recovery of PCBs from tissue 597
residues of 2,4,6-trichlorophenyl 4-nitrophenyl ether in 165
source of mercury in new impoundments 779
tolerance of egg and fry to nitrate exposure 575
tolerance to zinc 552
toxicity and tissue uptake of methylmercury 79
toxicity of landfill leachates to trout 806
toxicity of pentachlorophenol to 711
toxicity of synthetic pyrethroids 250
transfer of toluene from mosquito larvae 733
Fonofos, dissipation in soil 423

Heptachlor Epoxide, residues in crocodile eggs 87
Hexachlorobenzene, levels in salmonids 20
transplacental transfer in porpoise 728
Hexachlorocyclohexane, effect on testicular tissue 431
Hydrocarbon, distribution among oil, water and vapor phases 558
UV fluorescence and glc analysis of 536
Hydrogen sulfide, absorption of 524

Lead, contamination of samples during acid preservation 107
effect of rain on levels on roadside vegetation 658
effect on carcinogenesis 464
effect on hepatic enzyme activity 753
in coastal fish of west Malaysia 830
in reclaimed phosphate mine waste dumps 377
in roadside aquatic ecosystems 592
potential toxicity from urban street dust 497
study on four subarctic Canadian lakes 840
Leptophos, photodegradation 636
stability in water 607
Lindane, effect on ATPase activity 365
transplacental transfer in porpoise 728
Lobster, effect of Cd exposure on ATPases in gill 33

Malathion, effect on ATPase activity 365
Maneb, effect on blood cells 587

Mercury, acute toxicity to fish 725
effect of milk on absorption and gut retention 566
effect on ATPase activity 365
effect on morphology of erythrocytes 784
fish protection by metallothioneins 218
in coastal fish of west Malaysia 830
in fish from the Gulf of Thailand 291
in fish from the Persian Gulf 357
inhibition of phosphatases in fish 741
methylation and partitioning in aquatic systems 372
nonenzymatic reduction of organic salts 848
removal from solution using ground rubber 227
source in fish in new impoundments 779
study on four subarctic Canadian lakes 840
Mercury, methyl, toxicity to and tissue uptake by trout 79
Methanesulfonic Acid, ethyl ester, toxicity to fish cells 269
Methanethiol, absorption of 524
Methoxychlor, hepatotoxicity 275
uptake from food and water by toad 335
Methyl sulfide, absorption of 524
3-Methylcholanthrene, toxicity to fish cells 269
N-Methyl-N'-nitro-N-nitrosoguanidine, toxicity to fish cells 269
Mirex, analytical method for plasma, liver and fat 300
in eggs and livers of turtles 369
residues in crocodile eggs 87
Monosodium Methanearsonate, sublethal dietary exposure 30
uptake by blackberry 797

Nickel, effect on polychaetous annelids 698
in crude oil, embryotoxicity to birds 203
in roadside aquatic ecosystems 592
NIP, analytical method for fish and shellfish 57
Nitrate, tolerance of egg and fry of fish to 575
4-(p-Nitrobenzyl)pyridine, detection of epoxides with 825
N-Nitroso-di-n-propylamine, dissipation from field soil 141
uptake by soybean 136, 141
Nonachlor, in Goby-fish from Tokyo bay 631
residues in crocodile eggs 87

Oil, alkanes in barnacles 6
analysis by UV fluorescence and glc 536
and brown pelican fatality 800
distribution of hydrocarbons in oil, water & vapor phases 558
effect of dispersants on mallard egg hatchability 661
effect of shale retort-produced water on metabolism 747
effect on egg hatching in fish 236
embryotoxicity to birds 203
Oxychlordane, residues in crocodile eggs 87
Oyster, depuration of copper and cadmium by 117

Parathion, poisoning of gulls via sprayed insects 281
Pentachlorophenol, acute toxicity to fish 725
effect as a molluscicide 615
physiologic effects on pigs 418
toxicity to salmon 711
Permethrin, toxicity to fingerling trout 250
Phenanthrene, distribution in fish after administration 100
Phorate, dissipation in soil 423

Polychlorinated biphenyls, acute toxicity to hermit crab 91
analytical method for 3,3',4,4'- and 3,3',4,4'5,5'- 51
bioconcentration of isomeric monochlorobiphenyls 44
collection of airborne residues 196
effects on MFO activities 338, 344
effect on protein and RNA synthesis in liver 36
in plankton in Finland 145
inactivation by activated carbon 412
levels in fish 256
phytotoxicity, absorption and translocation by plants 412
recovery from fish tissue 597
residues in bivalves and sediment of Raritan Bay 690
residues in crocodile eggs 87
toxicity to cultured cells 788
transplacental transfer in porpoise 728
Polychlorinated Quarterphenyls, formation of 285
Polycyclic Aromatic Hydrocarbons, analysis of animal tissue 669
levels in drinking water 774
Progesterone, effect on estrogen levels in steers 405
Propoxur, determination of 531
effect on liver enzymes 438
Pyridine, toxicity of 814

Selenium, uptake from fly ash by plant 104
Simazine, effect on blue-green alga 319
Sodium Cyanide, use in controlling coyotes 211
Soil, degradation of endosulfan by microorganisms 13
uptake of Se from fly ash by plant 104
Sulfotepp, identification in diazinon formulations 158
Sulfur Dioxide, use of sewage slude for soils affected by 717

2,4,5-T, residues in birds 231
sorbents for "mopping up" spillage of 123
Terbufos, dissipation in soil 423
Tetrahydrofuran, water contamination from plastic tubes 620
Toluene, transfer from mosquito larvae to fish 733
Trichloroethylene, in human adipose tissue and blood serum 244
Bis-(Trichloromethyl) Disulfide, detection in strawberries 820
2,4,6-Trichlorophenyl 4-Nitrophenyl Ether, residue in trout 165
Trifluralin, N-Nitroso-di-n-propylamine uptake by soybean 136, 141
Trimethylamine, absorption of 524

Vanadium, acute toxicity to freshwater fish 95
in crude oil, embryotoxicity to birds 203

Water, bioaccumulation of carbazoles 73
contamination with Pb and Cd during acid preservation 107
total organic carbon levels 311
toxicity of a coal conversion effluent to biota 349, 360

Zinc, effect of chronic exposure on fish reproduction 650
in coastal fish of west Malaysia 830
in reclaimed phosphate mine waste dumps 377
in roadside aquatic ecosystems 592
study on four subarctic Canadian lakes 840
tolerance of fish to 552
Zinc phosphide, acute toxicity to poultry 452
